The Issues and Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and is available to all parties in the Central Records Unit, room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Enforcement and Compliance website at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content. A list of the topics discussed in the Issues and Decision Memorandum is attached as the appendix to this notice.

Changes Since the Preliminary Results

Based on the comments received we made changes for these final results which are enumerated in the Issues and Decision Memorandum.

⁴ See Memorandum, "Certain Cold-Rolled Steel Flat Products from the United Kingdom: Issues and Decision Memorandum for the Final Results of Antidumping Duty Administrative Review; 2017-2018," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

Final Results of the Administrative Review

We determine that the following weighted-average dumping margin exists for Liberty for the period of September 1, 2017 through August 31, 2018.

Producer or Exporter	Weighted-Average Dumping Margin (Percent)
Liberty Performance Steels Ltd.	21.71

Assessment Rate

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

For Liberty, we calculated importer-specific assessment rates on the basis of the ratio of the total amount of antidumping duties calculated for each importer's examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1).⁵ For entries of subject merchandise during the POR produced by Liberty for which it did not know its merchandise was destined for the United States, we intend to instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. We intend to issue liquidation instructions to CBP 15 days after publication of these final results of review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice for all shipments of cold-rolled steel from the United Kingdom entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section

⁵ In these final results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification*, 77 FR 8101 (February 14, 2012).

751(a)(2)(C) of the Act: (1) the cash deposit rate for Liberty will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, then the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer has been covered in a prior completed segment of this proceeding, the cash deposit rate will be the rate established for the most recent segment for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 22.58 percent, the all-others rate established in the less-than-fair-value investigation.⁶ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce presuming that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to
